REACHING THE STARS

The goal of the project is to provide counselors and educators with pedagogical tools for evaluating the skills and capabilities of adults, as well as to strengthen the sense of empowerment and motivation of adult learners in choosing ambitious paths of educational development. Thanks to the developed educational materials such as the Handbook, educational games, digital platform, educators will be able to better evaluate the actual competencies and skills of adults and help them achieve more ambitious educational and professional goals.

Staff and learners of the 4 partner institutions (from Poland, Italy, Finland and Slovenia) in May 2023 took part in a five-day educational workshop in Milazzo Italy, in order to exchange good practices, experiences and test the prepared pedagogical materials for counselors and adult educators within the project.

EVENT IN MILAZZO

The workshop was attended by 32 people from 4 partner countries, during the event there was testing of educational materials such as a Guidebook with good counseling practices, card learning games, an online platform for self-reflection, building motivation in adult learners, strengthening the sense of efficacy and self-esteem.
